Maybe even better than free.

You can give this download link to your friends by mail or instant messenger. The cost of that data transfer is covered by your internet service or the data plan on your phone. Using file, you can circumvent those limits without paying to upgrade your team chat service. filehosting provides an easy possibility for you to send large files to your friends. Any file in any format can be uploaded and downloaded for free. Simply upload your file and share the link. There are no restrictions on the number of times a file can be downloaded. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. File is free to use with no gotchas and no hidden fees. You decide who you want to share your files with. Just upload the fileyou want to share with your friends and we send you a download link to your file. It is also allowed to link to the download page from websites andcommunities. Files can be downloaded from any computer from our high speed servers. Our service is completely free for everyone. When you use file, youavoid storing the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. Your wallet will be none-the-lighter! Justso we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. Keep your files private, or send your download links only to friends or family. If only we could, we surely would! On the other hand, using filecan actually save you money. We have no file size limit. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many teamchat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting service now. No account or credit card isrequired to get started. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You don't need any special software installed tobe able to download your files. You can upload any type of file (movies, music, documents, images, zip files and more). Alternatively you can choose to shareyour download links on blogs, forums and social networking sites.
